

# Want to get your employee manual under control? Policies Now! Will help you write your policy handbook fast and professionally.

When it comes to writing an employee handbook, the maze of employment law is weighty and what you don't know could hurt you. That's why *Policies Now!* walks you through every step of writing and publishing your own company handbook. The easy interview process and expert advice help you ensure that nothing slips through the cracks. And, should you be involved in one of today's all-too-common employee disputes, you'll have a legally appropriate employee handbook that's specific to your business - not just a collection of "canned policies."

This program is simple and comprehensive. *Policies Now!* actually writes policies for you, makes publishing easy with a variety of handbook layout options, maintains your policies with the Optional Update Service subscription that guarantees software updates to help your policies stay current and compliant, and helps protect your organization with new features such as Internet site links to hundreds of sites with relevant legal information. *Policies Now!* makes it easier than ever to create and maintain an effective company employee handbook starting today. #PN6 \$179

## Manage your employee manual, as well as job descriptions, performance reviews, and personnel tasks with the Ultimate Employer!

Let's face it. Managing your workforce can be an extremely complicated endeavor. But it's also one you can't afford to handle poorly. If you don't manage your employees effectively, they can be less motivated, less productive, less loyal and more likely to become involved in a disagreement or lawsuit.

Ultimate Employer's power-packed features make mastering the complexities of effective personnel management simple, easy, and quick.

Ultimate Employer streamlines all your HR-related tasks and responsibilities. It gives you the solid advice you need to be knowledgeable and confident when handling all types of employee-related situations. It helps you comply with the many employment laws that could potentially put your business at risk. And it's highly flexible to meet your company's specific needs.

Created by top HR experts and reviewed by Jackson Lewis Schnitzler and Krupman, one of the nation's largest employment law firms, Ultimate Employer is a "must have" for every business. From managing crucial employee-related tasks and publishing an employee policy manual to writing effective job descriptions and maximizing the employee performance review process, Ultimate Employer does it all-quickly and easily. #BN1235E \$ 499
